ABERDEEN SHOWS BIG LOSS IN POPU- LATION IN 10 YEARS

Brown County Shows Loss of 2,211 in Ten Years—Aberdeen Has Lost 91 Citizens and Now Has But 477 Residents.

Our neighbor town of Aberdeen is rapidly going backward so far as its population is concerned according to the figures just made public by the United States Census Bureau which shows that town with a population of only 477 persons as against 568 in 1910, a loss of 91 persons, while in 1900 the village had a population of 711, showing a loss of 234 persons in twenty years or more than one-third of the total population twenty years ago.

The figures for the entire county show that Brown county now has a population of 22,621 as against 24,832 in 1910, a loss of 2,211. The population of all Brown county in 1900 was 28,237. Huntington township, in which Aberdeen is located, has a population of 1,775 this year as against 2,016 in 1910, showing a loss of 241 persons. The town of Ripley is given a population of 1,529 this year as against 1,840 in 1910, showing a considerable loss. Georgetown, Mt. Orah and Sardinia show small gains while Aberdeen, Fayetteville, Hamersville, Higginsport, Ripley and Russellville, all show losses. Jefferson and Washington townships were the only two of the sixteen townships in all of Brown county which showed any increase.

IMPROVEMENTS TO CEMETERY ARE WELL UNDERWAY.

Extensive improvements to the Maysville cemetery are now well underway and it is expected that these improvements will soon be completed. The work that is underway will greatly improve the city of the dead and the company's efforts will be greatly appreciated by the general public.

MAYOR SIGNS CONTRACT ON NEW HEALTH DEPARTMENT

City, County and State Join Formally in Establishment of New Health Department Here.

Mayor Thomas M. Russell, acting officially for the City of Maysville, has just signed the contract with the County and State Health departments for the establishment here of a joint health department in which these three branches of government unite in supporting.

Although several months ago City Council and the County Fiscal Court voted to enter this joint agreement, the contracts had not been formally signed until this week and the organization came into existence only upon the signing of the contracts.

Under this new arrangement Maysville and Mason county will have one of the best health departments in the entire state of Kentucky and the State Board of Health has promised to furnish us within the next few days a Health Officer who will devote his entire time to the work. This officer must be elected by the County Health Board upon the recommendation and endorsement of the State Board. The new arrangement will continue the nursing in both county and city and will also continue the services of a Sanitary Inspector, all of which will be under the direction of the Health Officer.

CAMPMEETING OPENS ON NEXT THURSDAY.

Ruggles campmeeting will open for the season on next Thursday and many local people are now making preparations to leave the first of next week to have their camps in first class condition for the opening of the meeting. There are now a few families on the grounds putting up blackberries, of which it is said there are many this season in that section.

HARDING SPEECH OF ACCEPTANCE A NEW KEYNOTE

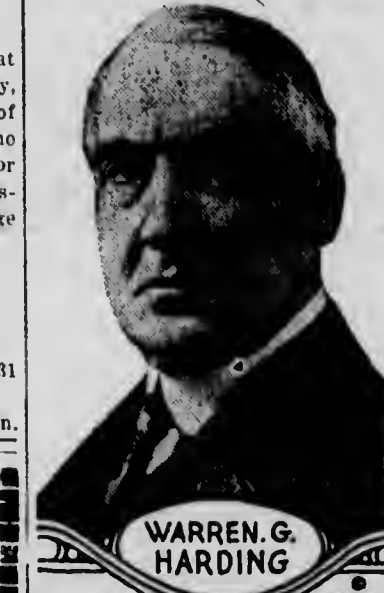

Republican Nominee at Notification Ceremonies Discusses Problems Confronting Nation.

"HOLD HERITAGE AMERICAN NATIONALITY UNIMPAIRED"

Advocates Party Responsibility as Distinguished From Dictatorial and Autocratic Personal Rule—in Referring to League of Nations, Says We Do Not Mean to Shun a Single Responsibility of This Republic to World Civilization—Favors Protective Tariff, Merchant Marine, a Small Army, Woman Suffrage and National Budget.

Marion, O.—(Special.)—Warren G. Harding was officially notified here of his nomination as the Republican candidate for the presidency. His speech of acceptance is, in part, as follows: Chairman Lodge, members of Notification Committee, ladies and gentlemen: The message which you have formally conveyed brings to me a realization of responsibility which is not undervalued. It is a supreme task to interpret the covenant of a great political party, the activities of which are so woven into the history of this republic, and a very sacred and solemn undertaking to enter the faith and aspirations of the many millions who adhere to that party. The party platform has charted the way, yet, somehow, we have come to expect that interpretation which voices the faith of nominees who must assume specific tasks.

Let me be understood clearly from the very beginning. I believe in party sponsorship in government. I believe

WARREN G. HARDING

to party government as distinguished from personal government, individual, dictatorial, autocratic or what not. No man is big enough to run this great republic. There never has been one. Such domination was never intended. Tranquillity, stability, dependability—all are assured in party sponsorship, and we mean to renew the assurances which were rendered in the cataclysmal war.

Our first commitment is the restoration of representative popular government, under the constitution, through the agency of the Republican party. Our vision includes more than a chief executive, we believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, to whose councils the vice president, second official of the republic, shall be asked to participate. The same vision includes a cordial understanding and co-ordinated activities with a house of Congress, fresh from the people, voicing the convictions which members bring from direct contact with the electorate, and cordial co-operation along with the restored functions of the senate, fit to be the greatest deliberative body of the world.

International Relationship.

It is not difficult, Chairman Lodge, to make ourselves clear on the question of international relationship. We Republicans of the senate, conscious of our solemn oaths and mindful of our constitutional obligations, when we saw the structure of a world super-government taking visionary form, joined in a becoming warning of our devotion to this republic. If the torch of constitutionalism had not been dimmed, the delayed peace of the world and the tragedy of disappointment and Europe's misunderstanding of America easily might have been avoided. The Republicans of the senate halted the barrier of independent American eminence and influence, which it was proposed to exchange for an obscure and unequal place in the merged government of the world. Our party means to hold the heritage of American nationality unimpaired and unsundered.

The world will not misconstrue. We do not mean to hold aloof. We do not mean to shun a single responsibility of this republic to world civilization. There is no hate in the American heart. We have no envy, no suspicion, no aversion for any people in the world. We hold to our rights, and mean to defend, aye, we mean to sustain the rights of this nation and our citizens alike, everywhere under the shining sun. Yet there is the courage

of amity and sympathy and fraternity in every resolution. There is a genuine aspiration in every American breast for a tranquil friendship with all the world.

One may readily sense the conscience of our America. I am sure I understand the purpose of the dominant group of the senate. We were not seeking to defeat a world aspiration, we were resolved to safeguard America. We were resolved then, even as we are today, and will be tomorrow, to preserve this free and independent republic.

In the call of the conscience of America is peace, peace that closes the gaping wound of world war, and stillences the impassioned voices of international envy and distrust. Heeding this call and knowing as I do the disposition of the Congress, I promise you formal and effective peace so quickly as a Republican Congress can pass its declaration for a Republican executive to sign.

It is better to be the free and disinterested agent of international justice and advancing civilization, with the covenant of conscience, than be shackled by a written compact which surrenders our freedom of action and gives to a military alliance the right to proclaim America's duty to the world. No surrender of rights to a world council or its military alliance, no assumed mandatory however appealing, ever shall summon the sons of this republic to war. Their supreme sacrifice shall only be asked for America and its call of honor. There is a sanctity in that right we will not delegate.

Leaving America Independent.

Disposed as we are, the way is very simple. Let the failure attending assumption, obstinacy, impracticability and delay be recognized, and let us find the big, practical, unselfish way to do our part, neither coveting the cause of ambition nor hesitating through fear, but ready to serve ourselves, humanity and God. With a senate advising as the constitution contemplates, I would hope to approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship, to commit the moral forces of the world, America included, to peace and international justice, still leaving America free, independent and self-reliant, but offering friendship to all the world.

It is folly to close our eyes to outstanding facts. Humanity is restless, much of the world is in revolution, the agents of discord and destruction have wrought their tragedy in peaceful lands, have lighted their torches among other peoples, and hope to see America as a part of the great Red configuration. Ours is the temple of liberty under the law, and it is ours to call the Sons of Opportunity to its defense. America must not only save herself, but ours must be the appealing voice to sober the world.

It must be understood that toll alone makes for accomplishment and advancement, and righteous possession is the reward of toll, and its incentive. There is no progress except in the stimulus of competition.

The chief trouble today is that the world war wrought the destruction of beautiful competition, left our storehouses empty, and there is a minimum production when our need is maximum. Maximums, not minimums, is the call of America. It isn't a new story, because war never fails to leave depleted storehouses and always impairs the efficiency of production. War also establishes its higher standards for wages, and they abide. I wish the higher wage to abide, on one explicit condition—that the wage earner will give full return for the wage received.

Production, More Production.

I want, somehow, to appeal to the sons and daughters of the republic, to every producer, to join hand and brain in production, more production, honest production, patriotic production, because patriotic production is no less a defense of our best civilization than that of armed force. Profiteering is a crime of omission. We must work our most and best, else the destructive reaction will come. The menacing tendency of the present day is not chargeable wholly to the unsettled and fevered conditions caused by the war. The manifest weakness in popular government lies in the temptation to appeal to group

DAM OPENING HERE WILL BE MADE BIG EVENT BY THE CITY

Mayor Russell Begins Preparations for Formal Acceptance of Dam 33 by the Federal Government During October.

Arrangements to make the formal opening of Dam 33 and its formal acceptance by the Federal government a great big event have been started by Mayor Thomas M. Russell and city authorities. Mayor Russell is now asking the Maysville Woman's Club and the Ohio Valley Waterways Association to join with the city officials in making the event a grand success.

Mayor Russell has been assured by the Federal authorities that the local dam will be completed and ready to accept by the government during the first of the month of October. The exact date of the opening will be given the Mayor by the Federal engineers of this division within the next few weeks and just as soon as this date is definitely decided upon the local organizations joining in the movement will begin to lay plans for the day.

The Federal government will send its fleet of engineer's boats here for the day and Colonel Vance, the veteran president of the Ohio Valley Waterways Association, to whose untiring efforts much of the success of Ohio River improvement is due, will be the guest of honor. Mr. W. C. Culkins, of Cincinnati, Secretary of the Association, will also be present to make an address. Several prominent citizens, including ex-Congressman James N. Kehoe, who was deeply interested in the Ohio River improvements during his official life in Washington, will be invited to speak.

Tentative plans include a big band concert, a community meeting at the dam and a general gala day full of particulars of which will be announced just as soon as the date has been finally fixed.

DR. YAZELL BACK FROM HIS TRIP.

Dr. W. S. Yazell, candidate for the Republican nomination for Congressman, returned this morning from a trip through the Eastern section of the district where he found considerable feeling for him and where he was enabled to get organizations perfected for the primary election. Dr. Yazell is very much encouraged over conditions as he finds them throughout the district.

INSPECTORS FIND LOCAL FIRMS LAX IN ACCOUNTS

Local Business Houses Must Go Down in Their Pockets To Pay War Tax They Failed to Collect.

For the past several days there have been Federal inspectors at work in Maysville going over the federal tax records of local concerns dealing in articles taxed by the government under what has been generally known as the "war tax."

While some of the local concerns have been kept up to the minute with their records and have been given a clean bill by the inspectors, it is understood that there are others who have been just a little lax in the records and their failure to keep a complete record of this tax money has proven rather expensive to them. Some of the local dealers in ice cream have been hit rather hard by the inspection, according to those dealers themselves.

The government tax on ice cream retailed is approximately 50 cents a gallon and some dealers have failed to keep their records complete. One local firm was compelled to turn over nearly one and a half hundred dollars to the government. It is understood that the inspectors have now about completed their work in Maysville.

LABOR DAY CELEBRATION IS BEING PLANNED.

Secretary George Kirk, of the Maysville Chamber of Commerce, is getting ready for a big Labor Day celebration in Maysville this year. He will lend his hearty assistance to the heads of the various local union organizations and a big parade will probably end at Beechwood Park where addresses will be made. At least two baseball games will be arranged for the day and it will be a real holiday in Maysville.

FARMERS' MEETINGS ATTRACT MANY.

The meeting of Mason county farmers being held in various parts of the county this week in the interest of the Mason County Farm Bureau are attracting much attention. The meeting last night was held at Washington and tonight's meeting will be held at Minerva.

DEATH OF MRS. STEWART.

Mrs. Robert Stewart died at her home in Huntington township, Ohio, yesterday morning at 8 o'clock, aged 73 years. Funeral services will probably be held sometime Thursday. She leaves one daughter, Mrs. Calvin Rankin, with whom she lived, and one son, J. B. Stewart, of Paris, Ky. Her husband died about a year ago.

DEMONSTRATION ON CULLING POULTRY TO BE HELD HERE SOON

Expert From State Experiment Station Will Teach Mason Poultry Fancier How to Select Non-Producing Hens.

The poultry culling campaign so long discussed is now at hand, and farmers will have an opportunity to find out how much feed has been wasted and can, in the future, be saved by eliminating these boarders. It has been found in the various Experiment Stations throughout the country that it is possible to select the largest percentage of laying hens by a system of culling. Practically every farmer knows that he cannot afford to keep non-producing hens and yet few realize that chickens consume a large amount of feed in a year and unless non-producing hens are eliminated, the income from the poultry flock will be greatly reduced on account of the feed consumed by these non-producing hens.

Culling demonstrations will be held in Mason county on August 3d and 4th, and all those interested in learning how to tell the layer from the layer are urged to be present. Places will be announced later. Demonstrations will be given by Mr. A. S. Chapin, who is well known to Mason county poultry fanciers.

FLEMINGSBURG CLASS ISSUES CHALLENGE.

The Flemingsburg Times-Democrat says: In order to induce a friendly rivalry, the Men's Wesley Bible Class of the M. E. Church, South, of this city, challenges either of the four Methodist Men's Bible classes of Maysville to an attendance contest, to begin with next Sunday and close at the end of the present quarter, September 26. The attendance of each Sunday to be published in the local papers of the two cities. Address F. M. Costigan, Teacher, Flemingsburg, Ky.

FIRST RIDE ON RAILROAD.

Last Sunday, M. V. Jones, of Augusta, who is in his 83rd year, took his first trip on a railroad train, going to Maysville and return. Mr. Jones has spent practically all his life almost in sight of the C. & O. railroad, but Sunday was his first ride. Who can beat it?

Miss Beatrice Porter, of Washington C. H., Ohio, who has been visiting Mrs. Ann Barry and other relatives returned home this morning.

MERELY CORROBORATIVE.

The Senate Committee that has been investigating political campaign expenses has discovered that much of the money appropriated by Congress to enable the Department of Justice to fight the high cost of living seems to have been diverted to pay the expenses of the Palmer campaign. This is old stuff. There has been hardly a single governmental activity of the last seven years but what has been exploited to the utmost as an adjunct to Democracy. Even the Liberty Bond selling campaigns were used as mediums to extol the reign of Woodrow and Son-in-law McAdoo, all of which of course was charged up to the cost of selling bonds and paid for by the people. Members of the Cabinet are paid \$12,000 a year out of the public treasury. Primarily they act as the general staff of the Democratic army, and were elevated to their posts by the President as reward for their political exploits. Six of them were ordered to San Francisco by their commander-in-chief when the convention was on, and there worked tooth and nail for the perpetuation of the Wilson dynasty, utterly oblivious to what was happening in their various departments in Washington, for the supervision of which the people pay them.

No, there is nothing new in the charge that the public money is used by Democrats for partisan purposes. Instances almost without number could be cited from the experiences and revelations of the past seven years to prove the charge. But the people ought not to complain. That is exactly what they should have expected would result if they put the Democratic party in control of the Nation's pocket book. If the voters want to get a dollar's worth of good, sound government for every dollar that they pay in Federal taxes it is up to them to elect their ballots next November for Harding and Coolidge—both experienced business men, executives, and legislators, and both real American statesmen with all that the words imply.

THROUGH A GLASS DARKLY.

"Of course, I think well of the platform, as I had a hand in its preparation," modestly admits Senator Glass. Mr. Glass is entitled to all the satisfaction he can find in a declaration that seldom has had its equal as a presentation of deliberate falsification of facts, alteration of official records, and absurd and unwarranted deductions. Mr. Glass is alone in his pride. Everybody else is full of explanation and apology for the astonishing document.

BORN AND ACHIEVED.

With Senator Harding stepping directly from his seat in the Senate into the White House, and with Vice President Coolidge not only presiding over the Senate but also present at the Cabinet meetings, the legislative and executive branches of the Government will pull together for the general welfare in a way never before seen in the history of the country.

IT BUSTED ONE.

Plans are being made by Gov. Cox for an aggressive speech-making campaign. The candidate should learn a lesson from the last demonstration of that sort to which the country was treated. Not only did Mr. Wilson return to Washington a physical wreck, but the cause which he advocated was even more hopeless at the end of his tour than when he started.

When a man says he is burning with a desire to save the country, he means that he is tired of working for a living.

Gen. Jose Miguel Gomez, who has been unanimously nominated for the presidency by the Libera party in Cuba, has already had experience as Chief executive of the island republic, having served as President from 1909 to 1914. Gen. Gomez was one of the leaders in the last Cuban insurrection of 1895 against Spain, which terminated in the American intervention of 1898 and the subsequent establishment of the republic. Under the American Military Administration he served acceptably as Governor of his native Province of Santa Clara and was afterwards elected to the same position when President Palma was inaugurated, in 1902. His present nomination for the presidency is of tremendous importance to the Cuban political world, because there is not the slightest doubt but that he is immensely popular with his countrymen.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hail's Catarrh Medicine acts thru the blood on the mucous surface of the system. WIDOW TO GET HALF OS ESTATE IF SHE HEWEDS.

Los Angeles, Calif. — Should Mrs. Emma Packman remarry she will receive one-half of the \$55,000 estate of her late husband, Henry Packman, according to the terms of the will filed for probate. Mr. Packman died on June 28. The will contains this clause: "If my wife should remarry I give her one-half of my estate absolutely." The residue of the estate, which would be divided among one daughter and three sons.

By the will \$1,000 is bequeathed to Mrs. Rose Ridgeway of San Carlos and the residue is to go into a trust fund, with William Henry Packman, a son, and Mrs. Lillian Barblener, a daughter, as trustees. Mrs. Packman is to receive the income from the property during her life and thereafter it is to go to the sons and daughters and other relatives, unless she remarries.

LOVE COOLED IN THREE MONTHS, HIS WIFE SAYS.

Denver, Colo. — A love that suffered a radical change in three brief months was told in Judge Stephens' court, where Mrs. Elizabeth Lettich obtained a divorce from Charles Lettich.

"I left home on a visit to the east," Mrs. Lettich told the court, "and when I returned I found my husband's attitude toward me was not the same. He would go out and when he returned he refused to say where he had been. He said he didn't love me any more."

Shortly after the break, she testified, Lettich declared that he could not live with her any more, and departed for the east. He never returned to her, she said.

Friends of the plaintiff told the court that as the result of the man's attitude Mrs. Lettich was a "nervous wreck."

WHAT'S THE REASON?

Many Maysville People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Dry after dry they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Maysville. Ask your neighbor!

Mrs. M. Holliday, 221 W. Second St., Maysville, says: "At times, my back has become weak and lame and has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Doan's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Holliday had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Simply Worn Out

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my first child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."

—Mrs. H. Kozzo, 617 Ellis Blvd., Cedar Rapids, Iowa.

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."

—Mrs. PAUL PAPENFUSS, 1325 Stone St., Sandusky, Ohio.

HARDING'S SPEECH OF ACCEPTANCE

(Continued from first page.)

citizenship for political advantage. It would be the blindness of folly to ignore the activities in our country which are aimed to destroy our economic system, and to commit us to the colossal tragedy which has destroyed all freedom and made Russia impotent. This movement is not to be halted in throttled liberties. We must not abridge the freedom of speech, the freedom of press, or the freedom of assembly, because there is no realisation in repression. These liberties are as sacred as the freedom of religious belief, as inviolable as the rights of life and the pursuit of happiness. We do hold to the right to crush sedition, to stifle a menacing contempt for law, to stamp out a peril to the safety of the republic or its people, when emergency calls, because security and the majesty of the law are the first essentials of liberty. He who threatens destruction of the government by force or flouts his contempt for lawful authority, ceases to be a loyal citizen and forfeits his rights to the freedom of the republic.

No party is indifferent to the welfare of the wage-earner. To his good fortune is of deepest concern, and we seek to make that good fortune permanent. We do not oppose but approve collective bargaining, because that is an outstanding right, but we are unalterably insistent that its exercise must not destroy the equally sacred right of the individual, in his necessary pursuit of livelihood. Any American has the right to quit his employment, so has every American the right to seek employment. The group must not endanger the individual, and we must discourage groups preying upon one another, and none shall be allowed to forget that the government's obligations are alike to all the people.

No Strike Against Government. We are so confident that much of the present-day insolvency and inefficiency

of transportation are due to the withering hand of government operation that we emphasize anew our opposition to government ownership, we want to expedite the reparation and make sure the mistake is not repeated. A state of inadequate transportation facilities, mainly chargeable to the failure of governmental experiment, is losing millions to agriculture. It is hindering industry, it is menacing the American people with a fuel shortage little less than a peril. It emphasizes the present-day problem and suggests that spirit of encouragement and assistance which commits all America to relieve such an emergency. Gross expansion of currency and credit have depreciated the dollar just as expansion and inflation have discredited the coins of the world. We inflated in haste, we must deflate in deliberation. We debased the dollar in reckless finance, we must restore its honesty.

In all sincerity we promise the prevention of unreasonable profits, we challenge profiteering with all the moral force and the legal powers of government and people, but it is fair, ay, it is timely, to give reminder that law is not the sole corrective of our economic ills.

Drive Against Extravagance. Let us call to all the people for thrift and economy, for denial and sacrifice if need be, for a nation-wide drive against extravagance and luxury, to a recommitment to simplicity of living, to that prudent and normal plan of life which is the behest of the republic.

New conditions, which attend amazing growth and extraordinary industrial development, call for a new and forward-looking program. The American farmer had a hundred and twenty millions to feed in the home market, and heard the cry of the world for food and answered it, though he faced an appalling task amid handicaps never encountered before.

Contemplating the defenselessness of the individual farmer to meet the organized buyers of his products and the distributors of the things the farmer buys, I hold that farmers should not only be permitted but encouraged to join in co-operative association to reap the just measure of reward merited by their arduous toil. Our platform is an earnest pledge of renewed concern for this most essential and elemental industry and in both appreciation and interest we pledge effective expression in law and practice. We will halt that co-operation which again will make profitable and desirable the ownership and operation of comparatively small farms intensively cultivated, and which will facilitate the caring for the products of farm and orchard without the lamentable waste under present conditions.

America would look with anxiety on the discouragement of farming activity either through the government's neglect or its paralysis by socialist practices. A republican administration will be committed to renewed regard for agriculture, and seek the participation of farmers in curing the ills justly complained of, and aim to place the American farm where it ought to be—highly ranked in American activities and fully sharing the highest good fortunes of American life.

Advocates Woman Suffrage. The womanhood of America, always its glory, its inspiration and the potent, uplifting force in its social and spiritual development, is about to be enfranchised. In so far as congress can go, the fact is already accomplished. By party edict, by my recorded vote, by personal conviction I am committed to this measure of justice. It is my earnest hope, my sincere desire that the one needed state vote be quickly recorded in the affirmation of the right of equal suffrage and that the vote of every citizen shall be cast and counted in the approaching election.

And to the great number of noble women who have opposed in conviction this tremendous change in the ancient relation of the sexes as applied to government, I venture to plead that they will accept the full responsibility of enlarged citizenship and give to the support in the republic their suffrage and best.

Ours is not only a fortunate people but a very common-sensical people, with vision high but their feet on the earth, with belief in themselves and faith in God. Whether enemies threaten from without or menaces arise from within, there is some indefinable voice saying, "Have confidence in the republic! America will go on!"

ALIBI PROVEN. According to an affidavit received from Manchester, Ohio, Charles Meservoy, in the Falmouth jail on a charge of attempted rape on June 18, near Mt. Auburn, was at Manchester at about noon on that date. If this affidavit is true, Meservoy could not have been guilty of the crime.
